

Metropolitan's Guide to Rebates & Grants for Energy Saving Furnaces, Air Conditioners and other HVAC Equipment

If you replace your old system with a...	Cool Savings <i>Ontario Power Authority *</i>	EcoENERGY <i>Natural Resources Canada **</i>	Home Energy Retrofit Program <i>Ministry of Energy ***</i>	Enbridge ****	Potential Total Rebates
Furnace: High Eff 92% AFUE with ECM motor AND AC: 15 SEER+	\$525	\$700 (\$500 + \$200) (Furnace + AC)	\$700 (\$500 + \$200) (Furnace + AC)	\$100	\$ 2,025
Furnace: Mid Eff w/ECM Motor AND AC: 15 SEER+	\$525	\$200 (AC Only)	\$200 (AC Only)		\$ 925
Furnace: High Eff 92% AFUE with ECM Motor	\$125	\$500	\$500	\$100	\$ 1,225
Furnace: High Eff 90% AFUE(no ECM)		\$300	\$300	\$100	\$ 700
Furnace: Mid Eff With ECM Motor	\$125				\$ 125
Air Conditioner: 15 SEER+	\$400	\$200	\$200		\$ 800
Air Conditioner: EnergySTAR rated	\$250	\$200	\$200		\$ 650
HRV / ERV (Heat/Energy Recovery Ventilator)		\$300	\$300		\$ 600
Tankless Water Heater		\$250	\$250		\$ 500
Programmable Thermostat	\$25			\$15	\$ 40

* **Cool Savings** – All equipment must be EnergySTAR rated and installed between April 1, 2008 and December 31, 2008. For more information visit their website: www.coolsavingsrebate.com.

** **EcoENERGY** – An energy audit is required to be eligible for these grants. An accredited energy auditor visits your home and provides you with a report on ways to make your home more energy efficient. After you've completed any, or all, of the recommended upgrades, the auditor returns to your home to verify which items you've completed and will fill in the paperwork for the grant cheque(s) to be mailed to you from the government. The cost for this audit is approximately \$300 for the first visit and \$150 for the return visit (see below). For more information, visit www.oeenrcan.gc.ca and follow the links for ecoENERGY retrofit.

*** **Home Energy Retrofit Program** - This program is linked to the EcoENERGY grants above and utilizes the same energy audit. **The Province of Ontario is simply matching the Federal Government's EcoENERGY grants dollar for dollar.** Additionally, they offer a grant for up to \$150 of the cost of your pre-retrofit audit. For details, visit www.energy.gov.on.ca or you can call the Ministry's 1-888-668-4636 INFO hotline.

**** **Enbridge Gas Distribution:** For EnergySTAR rated installations, receive a credit to your Enbridge Gas account. This offer is for installations 4/1/08 to 9/30/08. Visit www.enbridge.com for details.

AFUE = Annual Fuel Utilization Efficiency (this is a similar measurement to Miles per Gallon (MPG) for a car's fuel efficiency)

"Mid Eff" = Mid Efficient, "High Eff" = High Efficient

4/1/08
